ALL FACULTY ASSOCIATION

Notes to the Schedule of Unrestricted General Operating Expenses and the Allocation of Expenses Between Chargeable and Non-Chargeable

For the Year Ended June 30, 2007

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a) Nature and Purpose of the Association

All Faculty Association's purpose is to represent members in the following matters: salary, benefits, working conditions, assistance in filing and pursuing employee grievances, legal representation on both an individual and class basis, and technical assistance in matters of job classification. Dues revenue is derived solely from representing full-time and part-time faculty members at Santa Rosa Junior College. This bargaining agreement expires June 30, 2007.

b) Background - Non-member Fees

On September 28, 2000 the Governor of the State of California signed SB 1960. SB 1960 (now Government Code Sections 3540.1, 3543, 3546, and 3583.5) is effective January 1, 2001 and requires "public school employees who are in a unit for which an exclusive representative has been selected to be required, as a condition of continued employment, either to join the recognized employee organization or to pay the organization a fair share fee."

In 1986, the United States Supreme Court issued a decision regarding certain procedures that must be followed by a local union that is collecting fair share fees from non-members under a collective bargaining agreement with a public employer. In *Chicago Teachers Union vs. Hudson*, the United States Supreme Court reaffirmed the constitutionality of such fair share fee agreements, originally upheld in *Abood vs. Detroit Board of Education*. In another earlier case, *Ellis vs. Railway Clerks*, the United States Supreme Court had held that certain union expenditures could be charged to fair share fee payers, but that certain others could not be charged.

In 1988, the United States Supreme Court issued a decision holding that unions covered under the National Labor Relations Act (NLRA) may not charge non-members fees for nonrepresentational activities when the non-members are covered by collective bargaining agreements and object to such fees for nonrepresentational activities. This decision, known as *Communications Workers of America vs. Beck*, applies to the standard union shop, where the board and courts have long held that any bargaining unit employees may opt to be classified as a "financial core status employee" if he/she does not wish to join the union.
