

Last updated 08/11/11. The information in this guide is subject to change. SFSU requires additional lower division courses beyond those listed or articulated. Please see the San Francisco State University Bulletin for additional requirements and upper division courses or visit the SFSU web site at www.sfsu.edu. The most recent articulation information is available at www.assist.org.

SFSU does not require that Engineering transfer students complete CSU GE-Breadth Area A3 (Critical Thinking) as an admission requirement. Second year written composition (ENGL 1B or 5) is a prerequisite to the upper division Graduation Writing Assessment Requirement (GWAR) course in the major.

Transfers are encouraged to participate in the SFSU orientation program for new students (415-338-3060), as well as the Engineering Orientation meeting on Advising Days through the School of Engineering, SFSU, 415-338-1174. The School of Engineering web site is <http://engineering.sfsu.edu/>
