Deferred to next meeting.

2. Report from Senate re Cr/N Cr grading limitation policy

The Academic Senate approved the Cr/N Cr grading limitation policy by a unanimous vote and asked that Renee LoPilato convey this information to the originator of the proposal.

3. Discussion on Credit by Exam

Renee LoPilato and Ann O'Donnell have been searching for past policy and procedures. Further follow-up is needed since the initial discussion and review did not result in finding information that instructs a department on how to submit a request to make a course available for credit by examination.

The sub committee charged to revise Area H is currently working on this but will not have it ready for implementation for 2003-04. Work will continue with a focus for implementation in Fall 2004.
