Area I - Information Literacy (Effective Fall 2002) 1 unit LIR 10, 30, 110		

In areas B through E no more than 3 units from any one discipline may be counted in fulfillment of graduation requirements.

+ Math Competency (may be met by completing any of the following):	DATE	DONE
• Completion of the following coursework with a grade of C or better: AGBUS 107, BMG 54, IED 90B.		
• Completion of approved Area B math coursework with a grade of C or better.		
• High School coursework plane geometry or higher with a grade of C or better.		
• Satisfactory score on Graduation Math Competency Exam (GMCT). <i>Students who do not achieve a passing score will be allowed to retest in the following Fall, Spring, or Summer term.</i>		

2008-2009 ASSOCIATE DEGREE INFORMATION

Catalog Rights

Graduation requirements for an associate degree are determined according to the *Catalog* in effect at the time of initial enrollment. In order to maintain catalog rights, a student must be in continuous enrollment; that is, enrollment in at least one credit course during each successive academic year. For the purpose of catalog rights, the academic year begins each fall and ends with the subsequent summer session. When a break in enrollment occurs, degree requirements are determined according to the *Catalog* in effect when enrollment is resumed. Students may choose to receive an associate degree under the *Catalog* requirements in effect at the time of their petition to receive the degree.

Unit Requirement

A student must complete a minimum of 60 units in courses numbered 1 - 299. Courses numbered 300 - 899 are designed to meet a variety of student needs and are not applicable toward associate degree requirements. Plan your course of study carefully with a counselor.

Residence Requirement

A student must be enrolled during the semester in which the degree is granted. A minimum of 12 units must be completed at Santa Rosa Junior College.

Scholarship Requirement

A student must have a minimum grade point average (GPA) of 2.00 ("C") or better in all Santa Rosa Junior College and transferred coursework submitted toward the degree.

Degree Honors

Degree honors are determined by the student's overall grade point average and include transfer work submitted to SRJC. A student who has maintained a GPA between 3.20 and 3.39 will be graduated with honors; 3.40 and 3.59, with high honors; and 3.60 or higher, with highest honors.

General Education Requirements

Students have three options in meeting the General Education requirements toward earning an associate in arts or an associate in science degree at Santa Rosa Junior College. These options are the following:

- Option A: Complete the 23 units of the associate degree General Education course requirements and Math Competency,
OR
- Option B: Complete the California State University (CSU) General Education-Breadth course requirements (eligibility for full certification of 39 units),
OR
- Option C: Complete the Intersegmental General Education Transfer Curriculum (IGETC) (eligibility for full certification).

Major Requirements

To receive an associate degree, a student must complete a major course of study of at least 18 college units from the SRJC list of approved majors. A major provides coherence, focus, depth, sequencing of courses, and synthesis of learning. A course may be used to satisfy both a General Education requirement and a major requirement (Title 5, 55806). Within the major, a course may not be used more than one time to meet a major requirement. Major programs are listed in the college *Catalog*; the most current list of majors is available at the SRJC web site (<http://www.santarosa.edu/majors>).

Multiple Majors

It is possible for a student to be awarded more than one major upon graduation providing that all requirements are met for each major. For multiple majors, a single diploma with all majors listed will be issued. If one major leads to an associate in arts and the other to an associate in science, two diplomas will be issued.

Additional Associate Degrees*

Students who already possess an associate in arts or associate in science degree from Santa Rosa Junior College may be awarded an additional degree upon completion of the following:

1. All requirements in a major in a different field of study. Previous coursework may be used.
2. Twelve units in residence after conferral of the previous degree.
3. Any new areas of General Education in effect at the time the student re-enrolls, if there has been a break in enrollment.

* Please see the 2008-09 Santa Rosa Junior College *Catalog* for more information on additional associate degrees (http://www.santarosa.edu/schedules/college_catalog/).

Please discuss your educational plan with a counselor. Students are encouraged to apply for the associate degree the semester prior to graduation. Petitions may be obtained in the Office of Admissions, Records, and Enrollment Development.
