ADOPT: APRIL 8, 1985

REVIEWED: APRIL 10, 2001

REVIEWED: OCTOBER 14, 2008

---

It is the policy of the Board to maintain effective working relationships with all local governmental agencies, particularly those, which affect the operations of the schools.

The Superintendent/President is directed to work closely and cooperatively with such agencies, and to bring all areas of conflict to the Board whenever it appears that such conflict cannot be promptly and appropriately resolved.
