As the pivotal members of the campus community, students shall receive the consideration and respect they deserve as individuals and citizens.

It shall be the policy of the Sonoma County Junior College District to honor and protect the rights of each student. These rights include freedom of expression, including peaceable assembly, peaceable picketing, and dissemination of literature on campus; access to the rules and regulations of the College; and the right of petition for the waiving of such rules and regulations, for change of administrative officer's finding or verdict, or for a hearing related to alleged mistreatment by an instructor or staff member.

In addition, Sonoma County Junior College District recognizes that students enrolled at the College must assume certain responsibilities.

1. The exercise of student rights imposes a responsibility for the recognition and acceptance of the rights and privileges of fellow students and other members of the campus community.
2. The student is expected to know the rules and regulations of the College. Such rules and regulations are published in the College Catalog.
